CHINESE CHESTNUT TREES

If you ever picked up chestnuts you know what fun it is. The blight? Well, you can pick up chestnuts again. We have the completely blight proof Ching Chow strain of Chinese Chestnuts. These are seedlings.

Very few nurseries sell anything but seedling chestnuts. We also sell grafted trees, best U. S. Department of Agriculture varieties.

Autumn Offer Good till Nov. 20, 1950.

| Ching Chow Seedlings | 3-4ft | 4-5ft |
|--------------------------------------|--------|--------|

| Two yr. grafts, sturdy | | |
| Two trees | | 8.00 |
| Three trees | | 11.00 |
| Broadview English Walnut | | |
| Two trees, self pollinating | | 7.25 |
| Three trees, self pollinating | | 10.50 |

A book, **TREE CROPS**, Farming Without Plowing, by J. Russell Smith, should interest every one who loves trees or loves his land.

First choice for Farmers Book Club.

First choice for 1950 in **THE LAND** journal of Friends of the Land, Columbus, Ohio.

Louis Bromfield writes from Malabar Farm, Ohio: "Here is one of the most important books of our time. **fascinating for anyone interested in the basic problem of the nations."

Paul B. Sears, Yale University: "It is shrewd, competent and thrilling."

Bernard Baruch: "Any one with a plot large enough to plant a tree will be interested in this book."

Price, \$6.00 delivered. If you return it in 5 days, money will be refunded.
